COMPANY OVERVIEW

United Nail Products Co., Ltd. was established in 1999 and has more than 27 years of experience in manufacturing steel products. We are proud to be one of the pioneering manufacturers in Vietnam specializing in high-quality industrial nails and steel tie wires, serving both domestic and international markets.

Our factory covers an area of 11,000 m², equipped with modern production lines and a professional workforce dedicated to product quality and continuous innovation. With strong manufacturing capabilities, our annual production capacity reaches approximately 500 containers of industrial nails and 700 containers of steel tie wire.

Throughout our development, United Nail has built a solid reputation based on consistent product quality, reliable supply, and long-term partnerships. Our raw materials are carefully sourced from leading Vietnamese steel producers such as Hoa Phat, Dong Nam A, VAS, Tuyen Quang, and Vicasa, ensuring stable quality and traceability.

Today, our products are distributed across Vietnam and exported to many international markets. With our strong manufacturing foundation and commitment to sustainable growth, United Nail Products Co., Ltd. looks forward to expanding global partnerships and collaborating with investors and strategic partners to further scale our production and international presence.

Best regards,

Director
Mrs. Nguyen Thi Quyen
